

FACT SHEET: Highways

I-280 Soundwalls Project

Overview

The Santa Clara Valley Transportation Authority (VTA), in cooperation with the City of San Jose and the Department of Transportation (Caltrans), proposes to construct soundwalls on I-280 between State Route 87 and Los Gatos Creek.

Objectives

The purpose of this project is to reduce noise by constructing soundwalls as an effective abatement measure.

Project Features

The improvements will include but are not limited to the following:

- Constructing a new soundwall along northbound I-280 between the Caltrain tracks and the Los Gatos Creek Bridge
- Constructing a new soundwall along southbound I-280 between the Los Gatos Creek Bridge and the Caltrain tracks
- Constructing a new soundwall along southbound I-280 between the Caltrain tracks and Bird Avenue
- Constructing a new soundwall along southbound I-280 between Bird Avenue and State Route 87

Project Schedule

Funding Category	Schedule
Environmental Clearance Phase	May 2020 – Spring 2022
Design Phase	Spring 2022 – Summer 2025
Construction Phase	Fall 2025 – Fall 2026

Project Cost Estimate

The total project cost is estimated at \$14.5 million and is funded through a combination of local and state funds.
